Professional Summary

A dedicated finance professional known for integrity, exceptional work ethic, and unwavering consistency—qualities that have earned me deep trust and goodwill across organisations and teams. With over 8 years of expertise in finance, financial accounting, reporting, and strategic business optimisation. I seamlessly integrate financial acumen with advanced analytical skills. Renowned for my proactive approach, integrity, and strategic mindset, I've consistently enhanced organisational efficiency, financial accuracy, and stakeholder value. Passionate about leveraging technology in finance, I specialise in transforming complex data into clear, actionable insights, empowering businesses to make informed, future-ready decisions. Holding a Master's in Financial Technology from the University of Reading. My reputation for dependability and ethical leadership enables me to effectively collaborate with diverse stakeholders, delivering lasting value and fostering sustained organisational success.

Experience

Assistant Manager – Business Development and Business Re-engineering Data Analytics Division **Aug 2024 – Present**

Preparing profit & loss (P&L) reports, balance sheets, general ledger reconciliations, and month-end financial statements. Collaborating with project accountants, controllers, and external auditors to ensure compliance with financial reporting standards. - Developing advanced Excel models and IT tools to support financial forecasting and reporting accuracy. - Providing strategic financial insights to senior management and key stakeholders. - Managing a team of 7 professionals to improve financial data accuracy and process optimisation. Successfully led a boiler efficiency optimisation project, achieving a 2.5% increase in efficiency and 10% cost savings.

[Promoted from the role of]

Senior Executive – Data Analytics **Agrocel Industries Limited, Mumbai, India** **Feb 2024 – Aug 2024**

Conducted profitability analysis and operational cost management, leading to a USD 63K cost reduction. Improved financial reporting accuracy, reducing reporting cycle time by 45%. - Managed a team of 5 data scientists and 5 interns, overseeing financial re-engineering projects. - Provided financial insights for budget planning and process improvements. Ensured general ledger accuracy and timely financial reporting.

Finance and Business Management Analyst **Urban Science, UK** **Nov 2021 – Dec 2023**

Analysed financial data, operational costs, and budgeting requirements to enhance business decision-making. Managed financial accounts for high-profile clients (Aston Martin, Mercedes-Benz, Honda, Hyundai). – Conducted audit reviews on 60-250 dealership accounts to ensure compliance and financial accuracy. - Provided financial training and reporting support to dealership managers, improving data quality. - Assisted in the preparation of monthly, quarterly, and annual financial statements.

Senior Finance Manager **Shanro Key Chem Industries Private Limited, Gujarat, India** **Mar 2015 – Jun 2021**

Managed cash flow, investment planning, and financial risk assessment to optimise business resources. Secured \$74K in project financing for expansion and new investment opportunities. Established robust internal controls and compliance processes for financial audits. - Led process improvements that enhanced financial accuracy and reporting efficiency.
