

VISHWA Y BHATT

Finance Manager | Financial Planning & Transformation (0)7887180718 vishwaybhatt@gmail.com

Portfolio: [Dashboard](#), [LinkedIn:vishwabhatt](#) Location: London & West Sussex

Professional Summary

A Dynamic Finance Manager and Strategic Business Advisor with over 8 years of experience bridging the gap between traditional finance, data analytics, and technology. Proven track record of driving business development, modernizing legacy financial systems, and automating complex reporting workflows (Python, Power BI) to optimise commercial performance. Adept at navigating ambiguity to streamline operations, strengthen internal controls, and translate complex datasets into actionable, board-level insights. Backed by a strong academic foundation—including an MSc in FinTech, part-qualified ACCA status, and advanced research in Econometrics—bringing a unique blend of financial acumen and strategic advisory to drive sustainable business growth.

WORK EXPERIENCE

Finance Manager – Finance and Business Development.
Growth Curve Ltd. London, UK.

May 2025 – Present

- **Financial Analysis & Reporting:** Managed end-to-end financial operations, producing accurate monthly and quarterly management accounts and conducting rigorous balance sheet reconciliations to ensure stakeholder report reliability.
- **Business Partnering & Budgeting:** Acted as a strategic finance partner, collaborating with cross-functional teams to manage workforce budgeting workflows and align financial operations with broader strategic objectives.
- **Cost Optimisation & Insights:** Analysed cost drivers, overheads, and margin performance, implementing efficient real-time tracking systems that delivered £7.5k in monthly operational savings.
- **Data-Driven Decision Making:** Navigated ambiguous environments to build automated financial reporting structures from the ground up (Python, Power BI), translating raw financial data into actionable dashboards for executive business reviews.
- Developed business cases and validated benefits for new process transformations, utilising ROI modeling to support strategic initiatives.

Finance & Business Development Manager. **[Promoted from Senior Executive in Aug 2024]**
Agrocel Industries Limited, Mumbai, India

Jan 2024 – Apr 2025

- **Decision Support & ROI Modelling:** Built integrated forecasting models and ROI business cases for contract restructuring and process transformations, successfully reducing budget-to-actual variance by 75%.
- **Reporting & Dashboards:** Automated key financial reports and ESG compliance dashboards using Power BI and Python, slashing the monthly reporting cycle by 40% (100 hrs/month) and ensuring 100% audit-readiness.
- **Cost Analysis & Savings:** Led deep-dive logistics and procurement cost analysis, performing vendor management tasks and third-party spend approvals to identify and secure £1.5 Million (10%) in savings integrated into companywide cost-control strategies.
- **Data Governance & Controls:** Championed best practices in data structure and internal financial controls, building investor-focused dashboards that reduced internal compliance check time by 30%.

Finance and Business Management Analyst,
Urban Science, Reading, UK

Nov 2021 – Dec 2023

- **Multi-Site Financial Operations:** Managed complex financial accounts, budgeting requirements, and operational costs across a high-profile, decentralised network of 60 to 250 individual automotive dealership accounts (including Aston Martin and Mercedes-Benz).
- **Audit & Compliance:** Conducted rigorous financial audits across the multi-site portfolio, ensuring strict compliance with internal financial procedures, accounting standards, and financial accuracy.

- **Business Partnering:** Translated complex financial and market analytics into clear, actionable drivers, providing financial training, reporting support, and decision guidance to dealership managers to improve operational profitability.
- **Budgeting & Forecasting:** Partnered with cross-functional operations and analytics teams to streamline the quarterly financial planning and reporting process, cutting reporting delays by 25% and enhancing data confidence for board-level strategies.

Head of Finance & Accounting
Shanro Key Chem Industries, Gujarat, India.

Mar 2015 – Sep 2021

- Oversaw **full-cycle financial management**, with a strong focus on P&L reporting, strategic cash flow planning, and capital budgeting for business growth.
- Managed **cash flow, investment planning, and financial risk assessment** to optimise business resources. Secured \$74K in project financing for expansion and new investment opportunities. Established robust internal controls and compliance processes for financial audits.
- **Led process improvements** that enhanced financial accuracy and reporting efficiency.
- Led **financial due diligence** for all high-value capital proposals, successfully mitigating investment risks on projects valued at over ₹20 Crore.
